As an aspiring game developer, I decided to focus on the computer science field and developed strong Software Engineering skills. I will also be able to work in collaboration with each team as I have acquired ground knowledge in game design, management, and graphic design through my projects. I look forward to working with you !

Skills

Practical experience with technologies I am comfortable working with:

	P.P	A.P	G.J
Java/LibGDX	2	3	3
C/C++		3	
Python	1	3	
Unity/C#			4
Phaser3/JS	1		
OpenGL		1	

P.P :Number of Personal projects, +A.P: Number of Academic projects, G.J: Number of Game Jams

Other: Git, Bash, SQL, Circuit design (VHDL)

Education

Grenoble INP - Ensimag
(*Engineering School of Computer Science and Applied Mathematics*), Grenoble, France
Major in Mathematical modeling, Vision, Graphics and Simulation.

Languages

French : Mother Tongue,,
English : Fluent (C1), (TOEIC 990/990)
German : Proficient (B1)

Interests and Hobbies

Video and Board Games, Maths, Physics, Game Development and Game Design, Graphic Design, Dance, Teaching.

SOFTWARE ENGINEERING RELATED EXPERIENCE

ACADEMIC — May 2020
3D Project in Python/OpenGL
Procedural 3D scene, terrain generation, phong lighting (multiple lighting sources, directional lighting), skybox, reflection and refraction shader.

ACADEMIC — January 2020
Made a Compiler, Deca (Java-like OOP language) to Assembler, in Java
Acquired deep understanding of a compiler inner working
Working in a team of 5 with SCRUM method, Trello and Git.
Participated in conception, implementation, validation and documentation

PROFESSIONAL — May 2019 - August 2019
Made an HDMI Controller, Intern in TIMA Laboratory
(Technics of Computer Science and Microelectronics for the Architecture of integrated systems), Grenoble, France

ACADEMIC — May 2019
Made a Graphical User Interface Library in C
Graphical primitives, optimization algorithms, event-driven programming.

GAME INDUSTRY RELATED EXPERIENCE *(see portfolio for details)*

VOLUNTEER — 2019-2020
Organized a Game Jam, as the Vice President of Ensimag Gaming
Fundings, communication, organization. Cancelled because of the crisis.
Management of a 25 people team, regular Gaming events and several Game Development Workshops, Grenoble, France.

VOLUNTEER — 2018-2019
Made a promotional Facebook Instant Game, for Campaigns for the Student Board.
Achieved 700 unique users (compared to a school of about 900 students).

More in portfolio:

- **Regular participation in Game Jams**
- **Several personal projects** : one of them achieved second place in a regional contest in Lyon
- **Technical experiments**: Inverse Kinematics, wave simulation and Perlin Noise.
